

Mould assessment and remediation for property managers

DrySafe Response Group is a registered brand of Ekon Enterprises Pty Ltd, a property restoration company operating in Australia's insurance repair sector since 1993. We provide priority mould assessment and remediation to partner real estate agencies in Sydney, with fixed per room pricing, documented works and same day reporting, so a property manager can act on a mould report without chasing quotes.

What we deliver

- A desktop mould remediation quote generated from a 30 second online request
- On site visual mould assessment of every affected room
- Moisture analytics and humidity readings as part of every assessment
- Photographic documentation of affected and treated surfaces
- Surface HEPA vacuuming of vertical surfaces
- TGA-listed antimicrobial treatment applied per the manufacturer's directions
- Air filtration and furniture protection for occupied tenancies
- A written works report on completion

Why property managers use DrySafe

- Attendance within 1 to 3 business days of approval
- Works report delivered the same business day as attendance
- Fixed per room pricing confirmed in writing before works are approved
- 30 day workmanship guarantee on completed works
- One portal for every request, quote and approval
- Occupied tenancies managed with air filtration and furniture protection so furnishings stay in place
